## Note to users of this directory

The information in *Missouri Libraries: 2003 Directory* is based on reports submitted to the State Library, lists obtained from library organizations, or maintained by state library staff, and phone calls made to librarians. The compilers of this directory have made every effort to ensure that the information is correct. The compilers also incorporated suggestions for the directory from librarians across the state.

The public library section offers an alphabetical list of libraries, with branches listed after the administrative headquarters (). The index section includes an alphabetical list of libraries, a list of library directors, and lists of all types of libraries by location—city and county.

Internet users can find the addresses and phone numbers of Missouri public, academic, institutional, and many special libraries on the State Library's website at: [www://sos.mo.gov/library](http://www://sos.mo.gov/library).

Your assistance is needed to keep the Missouri library database current, so please submit any directory changes to the Missouri State Library, PO Box 387, Jefferson City, MO 65102-0387; 573-526-7809. We hope you find the directory a useful tool, and we welcome your suggestions for future editions.
